What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time, 63 years ago, we have carried his name. The present Corporation of W. A. Greenough Co succeeded W. A. Greenough & Co. in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory, we were among the pioneers to include that additional service in the single volume, and we furnish the wives names in all our publications.
